The theme for the 2020 One Book, One Community is the power of reading. Many people have their own One Book, which can represent so much more to them than the title and words. In 2020 we want to let you share the passion you have for your One Book with the rest of our community.

You’re invited to post a 1-3 minute video on social media about a book that has influenced your life or that represents a personal passion. Talk about your book itself, how or why it matters to you, or whatever makes it special to you. To share your video on social media, use the hashtag #onebookpickaway. You may also visit the Pickaway County Library for help recording or posting your video. These videos are available to view on the library’s Facebook page.

On March 16 everyone is invited to discuss the library’s choice, Fahrenheit 451, at the Main Library at 6:30PM.

The 2020 Census is fast approaching. This is the first year that data will be collected online. Data collected in the census will inform the distribution of more than $675 billion in federal funds to states and communities each year for things like infrastructure, health care and food assistance. It’s important that we all respond to shape the future of our communities. Learn more at 2020CENSUS.GOV or attend the program at the Main Library March 9 at 6PM.
